Another year has come and gone and so has another decade. We have tried to capture that idea in this year's yearbook — "Exit the Eighties, Enter the Nineties". The end of the decade saw a lot of changes: a new president, the reinstatement of the Space Shuttle program, a new awareness of AIDS and a crackdown on drunk drivers and drug dealers. People have become much more aware of their health and what they eat.

This year we have tried to capture the eighties and speculate on what the nineties might bring. The future is full of opportunities and it is up to our generation to make the most of the chances that are given to us.

We on the yearbook staff say good-bye to the eighties, good luck, and let's make the most of the nineties.

Seniors win AGAIN!!

Poms pose for the camera.

On Friday, October 14, at 5:30, everyone assembled at the Zion Lutheran Church. At 6:00, the Homecoming Parade strolled down Freeland Road on a beautiful October evening.

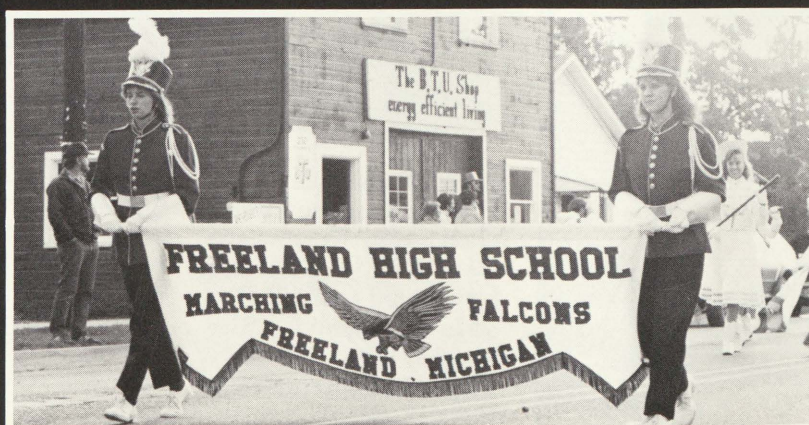

The Seniors took first place with their original float "How to cook a Vandal". Although it was a little chilly, no one seemed to mind because for once it wasn't raining.

... Floats By!

Don't they look like they're having fun.

Tammy and Ronda smile for the crowd.

Presenting Our . . .

QUEEN LISA

Throughout her high school career, Lisa has been very involved in many activities. Her parents, Roger and Lenora Hoffman are very supportive of her. She was President of her class in her freshman, sophomore, and junior years. This year, she is Student Council President. Lisa has been involved in cheerleading all through high school, and was also on the varsity track team. Lisa belongs to the Spanish Club and was accepted into "Who's Who Among American High School Students." She also received the DAR Award. She enjoys almost all outdoor sports. Her hobbies include snow and water skiing, boating, art work, and raquetball.

Lisa had no idea that she was going to become Homecoming Queen. She says that when her name was announced, she was shocked! Lisa isn't sure why she was voted Homecoming Queen, but it may be because she likes people. Her sincerity can be judged by the many friends she has.

After high school, Lisa is going to study fashion marketing at Northwood Institute. She will do well in her chosen profession because of her friendly personality and because she likes to spend time with people.

"I would like to thank each and every one of you, and give a special thanks to the administrators, teachers, my parents and friends for helping me get where I am today."

"I am very honored to represent our school and all of you. I am proud of my school and of my peers, and I am happy that Freeland High is where I spent my high school years. They have been the best."

I love you all!

Freeland Crowns A New Queen

Homecoming Queen Lisa Hoffman is all smiles as parents Roger and Lenora present her.

Tina Schneider escorted by her parents Bill and Chris Fila.

Lisa replaces Lisa as Queen.

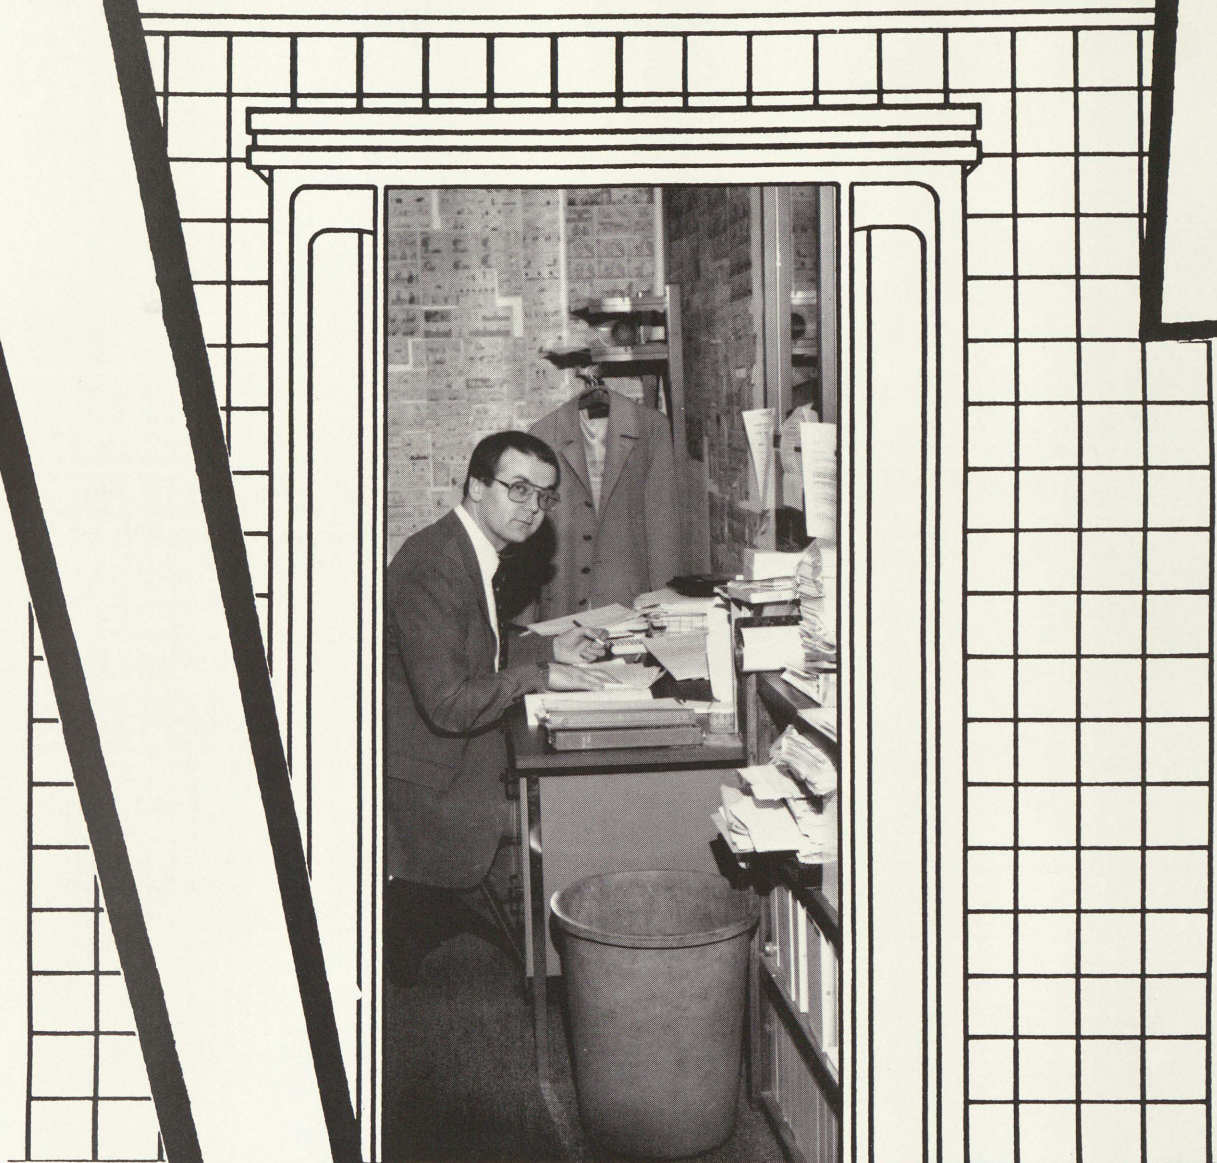

On October 14, Lisa Hoffman was crowned Queen of Freeland High School by the 1988 Homecoming Queen, Lisa Knoerr. The crowning took place during halftime ceremonies of the Homecoming game against Merril.

Seniors Shari Dumont and Tricia Rohn take time out for a picture during their last Homecoming game.

Our newly crowned Queen, Lisa Hoffman.

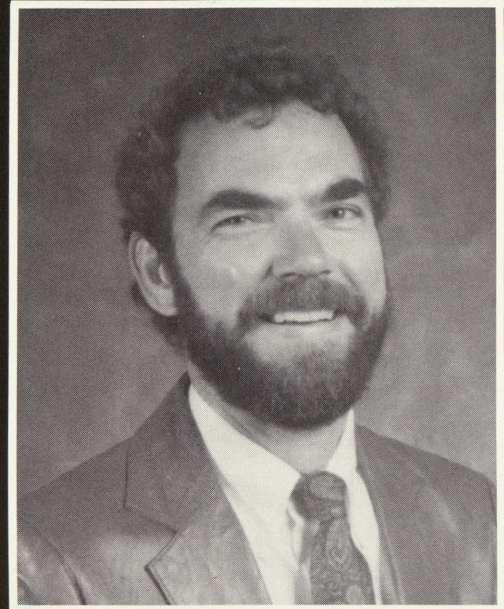

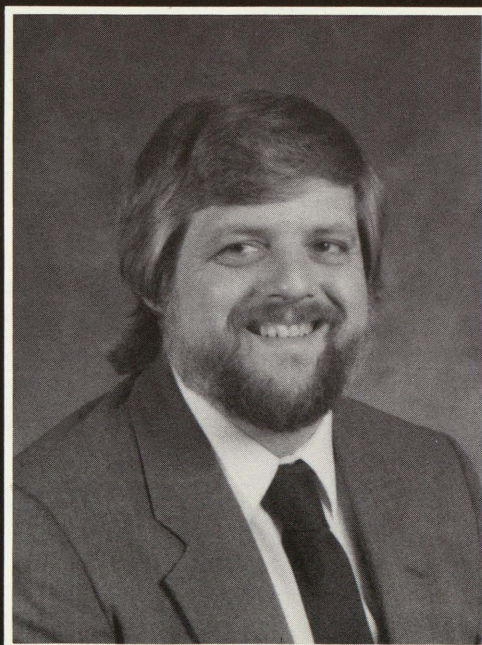

FALCON FACULTY

Administration Of F.H.S.

"I feel fortunate to live and work in a community in which the vast majority of students are serious about their education and the parents and community are supportive of the school system." — Thomas P. Orr — Superintendent

"My personal Philosophy of education is that it is a profession that must be a labor of love. To be an effective educator it is important to love young people and the community of which they are a part. This is an easy philosophy for me to live by because Freeland has always been my home and the students make up what I consider to be my very special extended family. — Bernard P. Maxwell, Asst. Principal

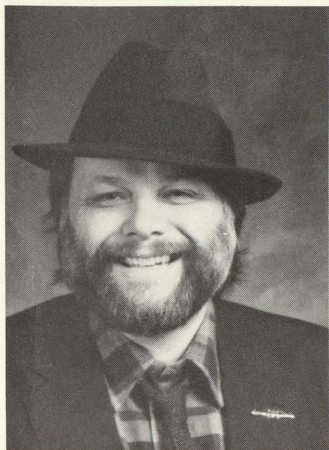

"Student and staff who care about learning and about each other make FJSHS a great place to be. I am enthusiastic about our community and our schools. I can't think of anywhere that I would rather live and work." — Dana B. Compton, Principal

"It is a pleasure to work for the Freeland Community School District. I have a job I enjoy, and the people I work with, students, staff and parents are the best." Linda Sanborn, Asst. Principal

Once again the seniors started off the year by building the winning float in the homecoming parade. This year float theme was a falcon chef cooking Cream of "Vandal" Soup.

The year continued with major activities such as the homecoming dance, the senior dance, and prom. A style show of prom dresses was also given.

Springtime flew by with much to do and many activities for the seniors. The senior banquet was held at "Coconuts" where the senior history was given. Speakers for graduation and baccalaureate was chosen.

On June 2nd — the seniors last day — practice for baccalaureate and graduation took place. Graduation brought happiness, sadness, "thanks," and "goodbyes".

The golf team finished the final CML year by sharing the title with St. Charles. The team ended with a 9 and 2 record overall. Freeland took third place in regionals, which qualified them for state finals. Our team finished 15th, in the state. Eric Morgan, Joel Yates, and Steve Berner were first team all-conference, while Dave Romanowski was on second team all-conference.

Having a new coach this year has brought the team new and challenging experiences. But with a lot of practice and patience from our coach, we eventually became a team. Through this experience, we will be able to apply our knowledge later in life. Playing basketball has helped me become the person I am and want to be. (DEBBIE WHITE)

"I think the best thing I got out of wrestling is self-discipline. You learn a lot about yourself, you constantly push yourself to the limit and then a little farther. Dedication is a really big factor in wrestling because without it you will only be average. Being on the wrestling team really fulfilled my high school years."

"The 1988-89 ski season was truly a memorable one. It took a while to get the necessary snow, but once we did, the fun began. The team appeared to be more hungry for victory this year than in past years. They performed excellent for the lack of experience they had. I look forward to next year, as we should place among the top 3 at regionals." Chris Sommers

Freeland's peak performance in their 1988-89 season was their third place team finish at High School Regionals held at Freeland High School on March 11. The 132.95 points they scored was their highest for the year and made it possible for the team to go to the High School State Gymnastics Championship meet in Troy, Michigan. They placed eleventh at State scoring 126.20 and Junior Kristie Kelly placed fourth on Floor, fifth on Vault, and eighth All Around. Other great moments of their season were their second place finishes at the Adrian Invitational, the Freeland Mini Invitational, and the Freeland Quad Meet. Kristie Kelly had outstanding performances in the All Around competition by winning first place at the Hartland Mixed Pairs, the Troy Invitational, the Adrian Invitational, the Freeland Invitational, the Freeland Mini Invitational, the Freeland Quad, and High School Regionals.

The brightest time of the season was hosting former teammate and exchange student Kikka Kirsi Kilpelainen and her Finnish Rhythmic teammates for a ten day visit to Freeland, Michigan.

Great Experience For J.V.'s

April ready to serve.

The 1988-89 J.V. Volleyball team consisted of 11 freshman and 1 Sophomore. The team had a fun yet demanding season and every member was a valuable asset. Our spikers all played an important role in offense and defensive blocking. The bumpers in the back row had to get digs up to the setter. This years setter, Sandy Krause, did a good job. The season was a great experience for the new members.

This year's Varsity Baseball team experienced another great season. The senior dominated team started slow, but soon got on track. The team finished with a perfect 6-0 in the Central Michigan League. Freeland defeated St. Louis and Breckenridge in the District playoffs before losing a heartbreaking 1-0 game to Nouvel in the District Finals.

The team ended with a 14-11 record and had many outstanding performances throughout the year.

Track's Future Bright

This years track team finished the season with 7 wins and 9 losses. This season featured many bright spots from the opening of the new Falcon track complex to an exciting track team made up of many talented athletes. The future is bright for the program since we only graduated four seniors. Gone are Brian Johnson, Dave VanHaaren, Larry Lown, and Chris Melvin. The bulk of this year's team will be returning and should provide the nucleus for a fine team next year.

This year's girl's track team finished their season with a 9 win / 7 loss record. This improvement was due to the fact that they were able to host half of their meets at home. This year's top scorer and MVP for the team was Shannon Abbott. Following close behind was our foreign exchange student, Mette Jensen, who proved to be an important asset to the team. The girl's track team is very appreciative of the efforts that the Freeland Athletic Association put forth to help with the new track.

Although the J.V.'s only won four games, they still had an exciting season. One highlight was the game against St. Charles, in which the team took the game right to the wire. The parents had difficulty showing their support at the start of the season because the "bridge" hadn't been built yet.

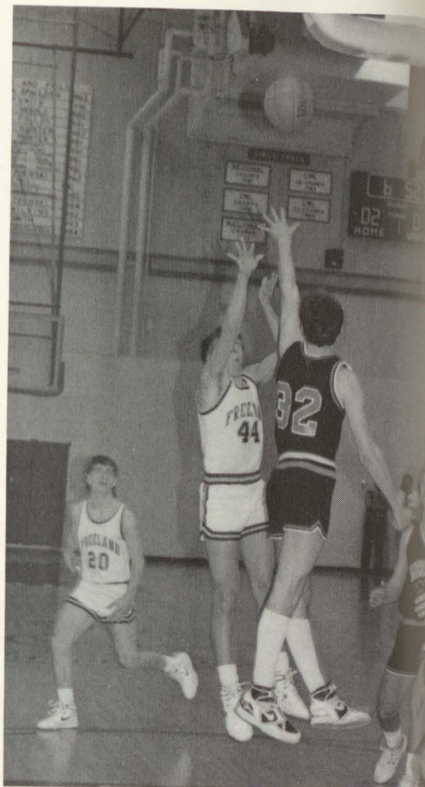

The ultimate of the season was the coach falling over home plate and spraining her ankle.

"For a first year team, a lot can be said for the team's attitude and determination. Our defense held out very strong throughout the season. The offense lacked the necessary skill to finish on goal in order to scorer more goals. Considering that Freeland is a class C school, and it played mostly class A and B schools, the team's record is much better than the final score reflects. The team played as a team and never gave up. Many coaches said that Freeland would be a team to be reckoned with in the 1989 season."

This year's play "Play On" by Richard Abbot was presented by the FHS Drama Department on February 2, 3, and 4.

The play was about a group of actors doing the murder mystery "Murder Most Foul". The cast of this new play runs into problems learning their lines in time for opening night and getting a finalized script from their author. This hilarious comedy/murder mystery was very well prepared and presented. Congratulations to the drama department on another fine production.

This year's Senior Student Council officers were: President, Pam Morgan, Vice President, Amy Burback, Secretary, Sheryl Gaumer, Treasurer, Jenny Metiva, Representatives, Andrea Riedel and Sandie Melton.

This Year's Council had a busy year organizing part of the Homecoming Activities and holding a dance to raise funds for their graduation. They were also kept very busy organizing their Senior Banquet, Commencement, and Baccalaureate activities.

Another Successful Year.

This year's Junior class officers were: President, Amy Bosco, Vice President, Ronda Bell, Secretary, Stacie Young, Treasurer, Jennifer Zagunis, Representatives, Lee Hedrick and Bryan Harkrader. The Junior class had probably the busiest year of all. The Junior Class spent the majority of the year raising money for their prom, Never Say Goodbye. This was an excellent prom and an accomplishment to be proud of.

This year's Sophomore class officers were: President, Amy Hoffman, Vice President, Leigh Davy, Secretary, Tina McKellar, Treasurer, Eric Knoerr, Representatives, Kim Cook and Stephanie Wieck. The Sophomore class spent this year starting to raise money for their upcoming prom. They did this by starting out with a very successful candy sale and a dance that was well attended and enjoyed by all.

This year's Freshman class officers were: President, Kerri Hoffman, Vice President, Kara Schauman, Secretary, Ann Magyar, Treasurer, Stephanie Zientek, Representatives, Kelley Sanborn and Jason Holman.

The Freshman got their first year off to a good start by doing a Fundraiser with Austins flowers during Homecoming week in which they received a dollar for each card turned in at Austins. The Freshman class also held a dance and a carwash.

I am Mette Jensen and I came here August 15th to live with the Young family. I was very lucky by coming to stay with the Youngs, we got along very well and I like them all very much.

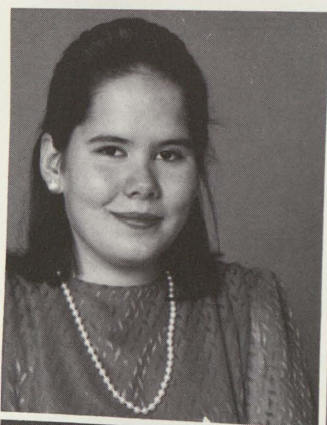

There are many differences between Denmark and here. One of the biggest is probably the school and the school system. I am used to staying in the same room with the same people all day.

All the people here helped me a lot to have a great year, they are all so nice. I will miss everybody. Love you all, Mette.

Mette with "her family" — and school activities.

Exchange Students Add Flavour

I arrived here without knowing anything about the American way of life. By the time I go back to Germany I will leave many friends behind me. I stayed with the Wilder family. We got along very well and I'm very thankful for all the personal freedom they gave me. I did a lot of traveling throughout the U.S. I also like to do extracurricular activities. I joined the Forensics team, competing in Ontario. I was in the Spanish club and worked on the yearbook. I even enjoyed the school here, teachers and students were very nice and helpful. I basically took classes I never had before, like U.S. History and American Government. Twice a week I worked in the Midland Hospital Center as a volunteer. The experience of living ten months with Americans and becoming more and more americanized was worth to lose a year of my school life in Germany. I want to thank everybody very much who helped to make this the greatest time of my life.

Teen Institute Builds Confidence

A good laugh for the camera
Jenny Mativa, hugging Mr. Maxwell

Lisa Hacker and Jenny Kasper show the spirit.

Ten students from the high school Positive Peer Group and S.A.D.D. chapter attended the regional Teen Institute at Hardley Nature Center this year. There were eight team members and two Youth Staff members.

Mr. Maxwell served as the team advisor. The weekend proved to be educational and fun. Many new friends were made. Students were pleased to discover that there are many others who, like them, are concerned about substance abuse among teenagers.

Awards Assembly Honors

Every year an awards assembly is held to honor all students who have shown excellence in their various studies. Seniors receive recognition for the scholarships they have gotten. The top ten students in each class are also recognized for their academic achievement.

Mr. Maxwell congratulating Brian Wolfgram.

Shannon Abbot and Brad Keenan receiving Lions Club awards from Mr. Jacobi

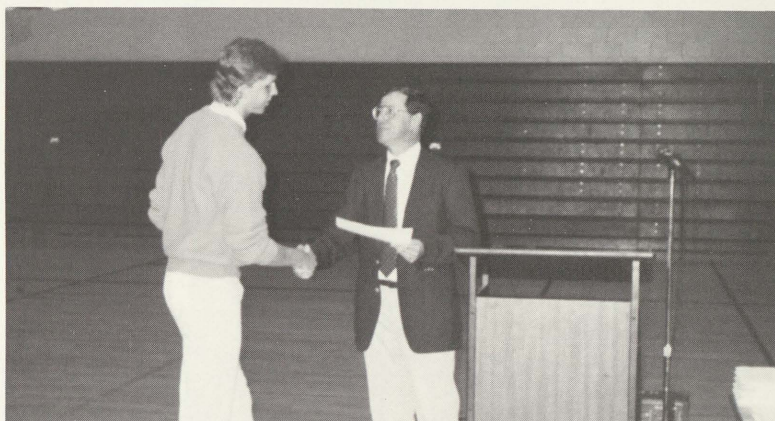

The top ten of the sophomore class received their awards.

The Best Of The Class

Joel Yates, Brian Wolfgram, David Vanest, Stacie Dubay, and Jenny Bank got the Catherine Lewis/Ellen Thayer scholarships.

Stephanie Zientek getting a handshake — or something else? — from Mr. Maxwell.

Jay Grasso was "collecting" scholarships. — Good job!

Many awards were given out this year because of the fact that one third of the senior class had a grade point average over 3.00 and twenty percent of the sophomore class scored one hundred percent on their MEAP tests. Many other awards were given to deserving students. We would like to say: Congratulations and good luck to all of these students.

Tricia Rohn, Lisa Hoffman, Penny Reid and Cheryl Gaumer enjoy their last Nobleman's Dance together.

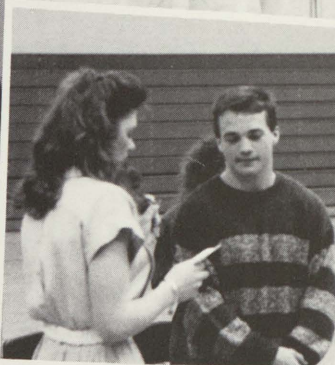

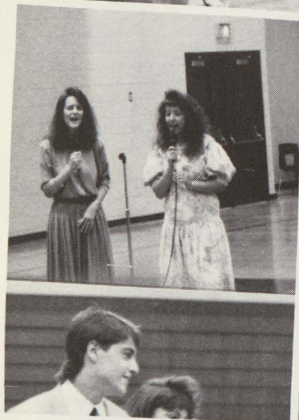

This year's Nobleman's Assembly held on Tuesday, April 4 with the d following it up on the seventh. Eric M gan was crowned King at the dance Friday night.

This year's court members were: Fro man Class: Scott Fobear and Andy R Sophomore Class: Grant DuCharme Grant Thomas, Junior Class: Chris S mers and Jack Krause Senior Class: G Waterman and Darrin Chritz, King: H Morgan.

THE YEAR

End Of A Decade:

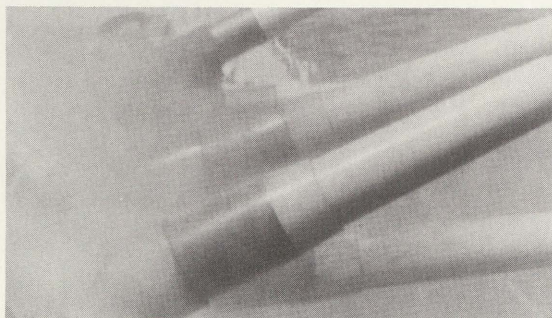

President Bush takes the Oath of Office

Retired Marine Lieut. Colonel Oliver North, a central figure in the Iran-Contra hearings of two summers ago, was found guilty of three of the twelve crimes he was charged with. The former employee of the National Security Council was convicted of: aiding and abetting an obstruction of Congress, altering, concealing and destroying NSC documents, and receiving an illegal gratuity. The ex-marine could face up to ten years in prison and \$750,000 in fines, but has promised to fight to overturn the convictions.

Exploding gun turret on the USS Iowa

In late March, 1989, the oil tanker Exxon-Valdez went off course and ran aground in Alaska's Prince William Sound, spilling 10 million gallons of oil. The thick crude spread into a slick that covered 1,600 square miles of water, fouled 800 miles of shoreline, and killed thousands of animals. The captain of the Exxon-Valdez was charged with negligence and being intoxicated on duty when the tanker ran aground. In this, the nation's worst oil spill, the repercussions may take years to be fully realized.

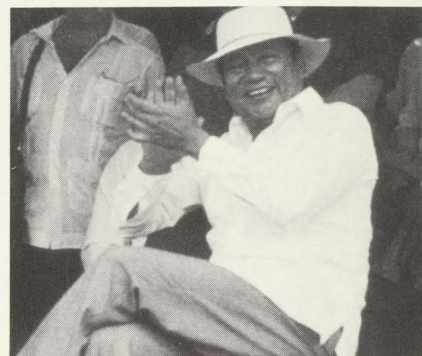

During training exercises off the Puerto Rican coast, an explosion in the second gun turret of the 46 year-old battleship USS Iowa took the lives of 47 young sailors. Since all witnesses to the explosion were killed, the cause is yet unknown, and the Iowa and its four sister ships have since been retired from active duty.

The Year In Review

President Bush ordered some 2,000 troops to join already stationed American soldiers on Panamanian soil following the military overturn of election results. Military strongman General Manuel Noriega's hand-picked candidates were soundly defeated by the opposition by a vote of more than 2 to 1. Noriega's blatant defiance of the electorate's decision won him sharp rebuke from neighboring Latin American countries, as well as from the Organization of American States. The election proved, however, that Noriega's hold on Panama's people is slipping, and the opposition vowed to "continue to fight by all peaceful means."

Panamanian General Manuel Noriega

Former Speaker Jim Wright

History was made by Representative Jim Wright when he became the first Speaker of the House to resign his post. The Texas democrat stepped down from his position as the second most powerful politician in Washington, D.C. when he was investigated by the House Ethics Committee for ethics violations. In an hour long speech, Wright defended himself against the charges, which included accepting excessive royalties for a book he wrote. Succeeding Wright is Washington state democrat Thomas Foley.

Lucille Ball, of "I love Lucy" fame, died of congestive heart failure.

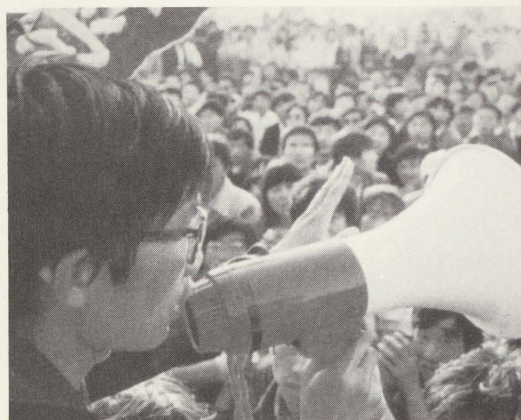

Lucille Ball

Sugar Ray Robinson, middle-weight champion boxer, from complications arising from heart problems and diabetes.

Roy Orbison, rock musician, died of a massive heart attack.

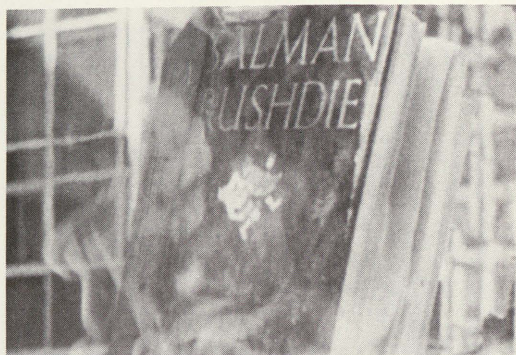

Guy Williams, of "Zorro" fame, from a heart attack.

Gilda Radner, comedienne of "Saturday Night Live" stardom, of cancer.

Student spurs on Chinese protesters

On Saturday, May 20, 1989, the Chinese government declared martial law in many Chinese cities following three weeks of student protests. An estimated 30,000 students, demanding democracy and the legalization of their student unions, poured into Tiananmen Square for a week of vocal protests and hunger strikes. Thousands of workers rallied with them, shouting encouragement and helping to hold military personell away from the Square. The government's tolerance of the defiance will be severely tested in the coming months as Sino-Soviet ties are restored.

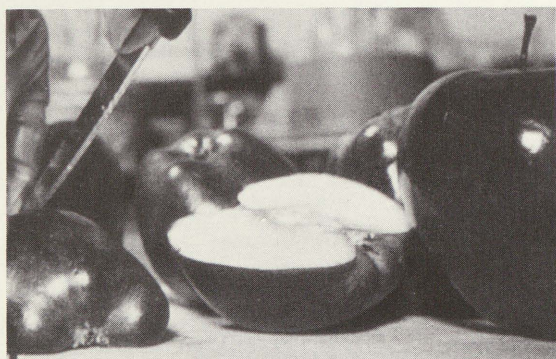

Irate Iranians burn "The Satanic Verses"

The nation's most notorious serial killer, Theodore Robert Bundy, was executed in Florida State Prison for the murder of 12-year old Kimberly Leach in 1977. Bundy was also sentenced to death twice for the "Chi Omega murders" of two sorority sisters. Ted, who tied up the nation's court system for 12 years with appeals, admitted to 23 of the more than 100 murders he was suspected of, and cited violent pornography as the source of his dementia.

Apples being inspected before selling

The food we consume came under close scrutiny this year. Michigan apple growers removed their produce from supermarket shelves for a short period of time when 60 Minutes aired segments on Alar, an insecticide proven to cause cancer in laboratory rats. Also banned from American markets were all Chilean fruits when three cyanide-tainted grapes were discovered in a shipment. A terrorist group took responsibility, but questions arose about the safety of our food.

Other News

The Supreme Court will render a decision in July concerning an abortion case in Missouri. An overturn of the historic Roe v. Wade decision is possible.

The scientific world was given hope as two scientists were able to produce fusion in a table-top experiment.

A terrorist bomb exploded a plane over the small town of Lockerbie, Scotland, killing all aboard.

In an historic move, elections for the soviet's people's parliament were held this year.

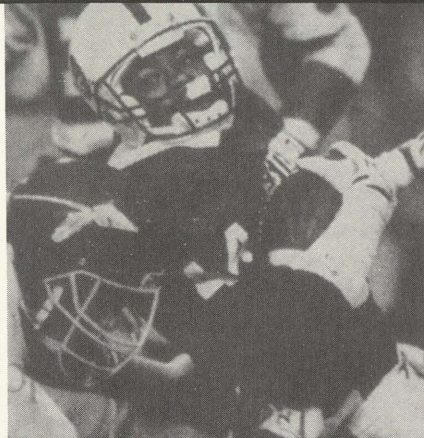

The Soviet Union and United States banned together in an effort to save two whales trapped by the ice near Alaska.

The prison is on hold while the state negotiates for the property and for its release from P.A. 116 by the Department of Natural Resources.

The Year In Sports

The Blue And

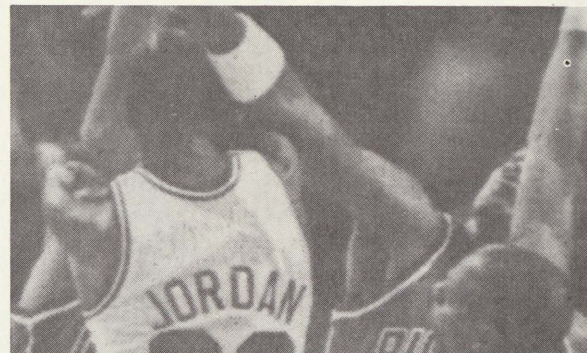

The University of Michigan Wolverines began their 1989 championship season by defeating the University of Southern California Trojans in the Rose Bowl. On January 2 In Pasadena, the Wolverines defeated the highly ranked Trojans by a score of 22 to 17.

The Gold

The NCAA finals this year found University of Michigan against New Jersey's Seton Hall. In the final game, the score was tied 71-71 after regulation when senior forward Glen Rice missed a shot to win. In overtime, Seton Hall pulled ahead until junior guard Robinson was fouled. He sunk both free throws, and Michigan won the NCAA by a score of 80-79.

In Super Bowl XXIII, the San Francisco 49ers ousted the Cincinnati Bengals by a score of 20-16. Although the first three quarters were classified as the most boring 45 minutes in football history, the last quarter proved to be one of the most exciting in Super Bowl competition. San Francisco rushed a total of 92 yards to come from behind to claim the victory.

Pistons block Chicago's Jordan.

Sunday Silence, winner of this year's Kentucky Derby and Preakness Stakes, is on the threshold of becoming the first Triple Crown winner since Affirmed in 1978. He beat the favorite in both races, Easy Goer, by 2 1/2 lengths at Churchill Downs and by a mere nose at Pimlico. Easy Goer is the only formidable challenger standing in Sunday Silence's way at the Belmont Stakes, the final race of the Triple Crown, on June 10.

For the second year in a row, the Detroit Pistons face the Los Angeles Lakers in the seven-game final series of the NBA championship. The Pistons defeated the Phoenix Suns in first round play with a close out of four games to zero. In tournament play against the New York Knicks, the Chicago Bulls earned the right to play against the Pistons in semi-final play. The Pistons defeated the Bulls by four games to two. When we went to press, the Pistons were one up on the Lakers, defeating Los Angeles in Detroit by a score of 107 to 98. Unlike last year, Detroit has home court advantage.

Heartbreaks and headaches headlined the 1988 Summer Olympics in Seoul, South Korea. Canadian sprinter Ben Johnson won the men's 100 meter dash, only to have his gold medal revoked when the athlete tested positive for steroids. American diver Greg Louganis hit his head on the springboard in the 9th dive of the Olympic preliminaries. He came back from his injury to earn a gold medal in the men's springboard diving competition, adding his medal to the other 95 golds claimed by the United States.

The Calgary Flames claimed this year's Stanley Cup in play against the Montreal Canadiens. The Flames ousted the Cup from the Canadiens in the sixth game, 4 to 2. It was the first time in history that the Stanley Cup made its triumphant trip around Montreal Forum ice in enemy hands.

Dow's Partnership in Education lets you do great things

Education. Our future depends on it.

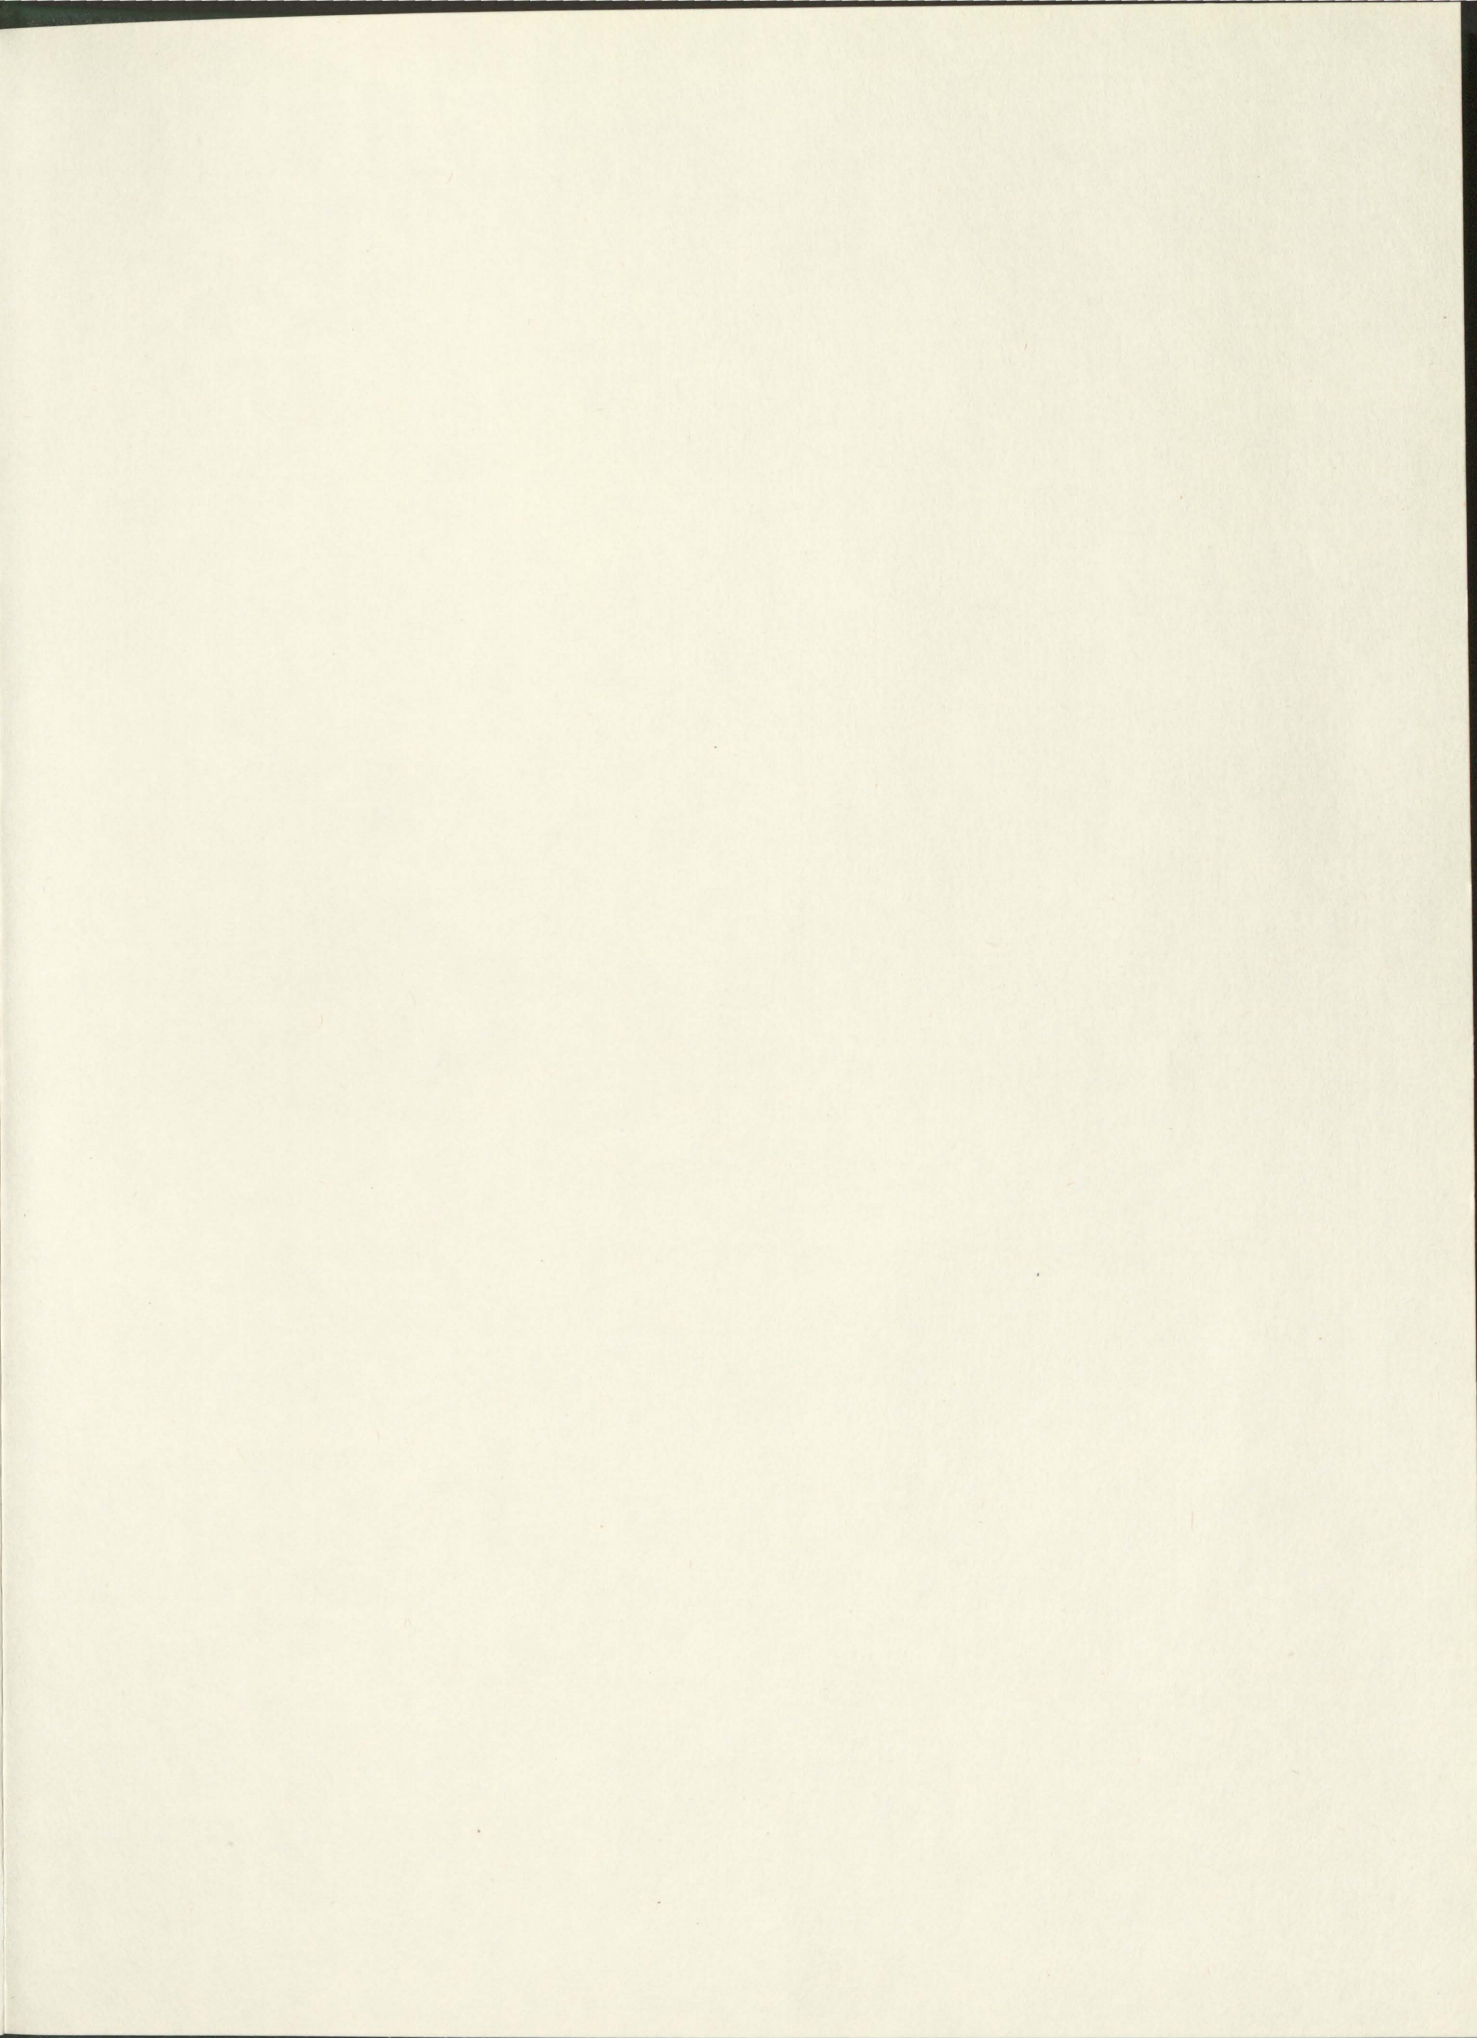

And at Dow, it's what we're really all about. Employees' work toward continuous improvement and leading innovations turns dreams into realities for everyone.

Area students hold the future of those dreams in their hands every day as they participate in the Michigan Division Co-op Program. Students combining classwork with career experience — it's just another way Dow lets you do great things.

Congratulations to the graduates from the employees of the Michigan Division.

Dow lets you do great things.
